

E KOMO MAI

WARMEST MAHALO

Parents, teachers, community and all of the staff who make up Hanalei School, we give you our warmest Mahalo for your help enabling our students to have a wonderful year. It takes everyone's support to ensure our keiki have opportunities that extend beyond the school day. This year, Hanalei students participated in the Spelling Bee, Robotics Tournament, Island Wide Talent Show, Mayor's Track Meet, District Science Fair, Starry Nights Fundraiser, Girl Scouts, after school clubs, and many community sponsored writing and art competitions. These experiences help grow the "whole child" and we hope to expand on these opportunities in the coming school year. Thank you again for your help, we had a stellar school year.

Summer

Hanalei School Robotics Club overcomes obstacles, excels at states

NEVER STOP LEARNING BECAUSE LIFE NEVER STOPS TEACHING.....

It's always amazing to see how much students grow academically in one year's time. During the 4th quarter, the teachers and principal sit down to look at student work in an effort to evaluate academic growth. This helps identify the rate at which students respond to instruction, the scoring criteria, and the assessment itself. Look at the two writing samples below, would you say these students are examples of tremendous growth over the course of their school year? Notice grammar, spelling, punctuation, paragraphing, and the use of concrete details.

<p>Zephyr 8-1-16</p> <p>Sumer Vokashon</p> <p>This sumer went to calefornia. I went to calefornia to surf the waves were small but I still had fun. This sumer I also went to a holtel in side of a skatepark it was fun because we didn't bacene a gient ramp that we ride down into from ower holtel room. It was funny becuse my brother air</p>	<p>Zephyr 5-5-17</p> <p>4th Quarter Persuasive Essay</p> <p>I think we should be able to ground our parents because they misbehave too!</p> <p>Kids shouldn't be the only ones with consequences. Time outs and groundings may help our parents to be better at certain things when we need them. Sometimes parents are short tempered or too busy and maybe a time out would help slow them down.</p> <p>It seems like parents are always on their phones or computers. When I try to talk to them, I get ignored. I think that they should be grounded from using their phones or computers at certain times. It will teach them that their actions have consequences.</p> <p>I think that parents should be grounded for the same reasons kids get grounded like arguing or not listening. If kids were able to ground their parents and restrict them from going surfing or meeting up with friends then it might change their behavior for the better. I don't think talking back is a reason to be grounded. Children should be able to tell how they feel. Parents can be too strict and they should be grounded if they don't listen to their children.</p>

GRADUATING 6TH GRADERS GOING TO MIDDLE SCHOOL – PHYSICAL EXAM REQUIRED

Starting in the 2017-2018 school year, all incoming 7th graders will need to complete a physical examination, pursuant to state law. Parents of graduating 6th graders, it is important that you plan ahead and schedule appointments early to ensure your child's physical exam is completed in a timely manner before the new school year begins. If you need support, Tropic Care will be on island from on June 12-21; on June 12-15, there will be a mobile location at Kilauea Elementary School. Tropic Care offers free basic medical care. This is a great opportunity for many island residents to receive services that they may not normally have access to. Bus service to Tropic Care locations is also free. Services offered include physical exams, eye exams, eyeglasses, dental exams, tooth extractions and fillings. We just wanted to share this information with the community and encourage anyone in need of these services to attend.

CAMPUS BEAUTIFICATION ~ PARENTS WE NEED YOUR HELP

This summer before we return to school, we'll have a parent/student workday Friday, July 28th. We encourage you to join us. Below are a few areas we'll be focusing on and tools/items to bring with you if available.

1. Chainsaws to cut up old picnic tables
2. Weedeater- Weedeating fence line
3. Trucks to haul rubbish to dump

SUMMER ENRICHMENT OPPORTUNITIES

A Hawaiian Proverb reads: 'A'ohē pau ka 'ike ka halau ho'okahi" -- *All knowledge is not learned in just one school.* As we head into summer, students have the opportunity to immerse in powerful learning right within our community. Summer experiences can be tremendously impactful on students and motivate them to love learning. Listed here are just a few opportunities for our students; visit <https://kauaifamilymagazine.com/kauai-summer-fun-guide/> for more summer camps, events, and lessons that might be of interest to your child.
